CAREER OBJECTIVE

Computer Science Engineering graduate with hands-on experience building **full-stack web applications using the MERN stack**. Experienced in developing RESTful APIs, authentication and authorization systems, MongoDB data models, real-time communication, and responsive React applications. Built projects involving **JWT authentication, HTTP-only cookies, email verification, role-based access control, Socket.IO, and third-party API integration**.

TECHNICAL SKILLS

- **Languages**: JavaScript, Python, C, Java
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs
- **Databases**: MongoDB, Mongoose, MySQL
- **Authentication & Security:** JWT, HTTP-only Cookies, OTP Verification, Role-Based Access Control
- **Real-Time:** Socket.IO, WebSockets
- **Tools:** Git, GitHub, Vercel, Postman, Render
- **Core:** Data Structures & Algorithms, Object-Oriented Programming

PROJECTS

1. TeamFlow — Real-Time Project Management SaaS

React, Node.js, Express.js, MongoDB, Socket.IO, Tailwind CSS, JWT, Cloudinary

- Developed a full-stack project management application with workspace, project, task, board, and team-member management.
- Implemented user authentication with JWT-based HTTP-only cookies, email OTP verification, and password-reset functionality.
- Built REST APIs using Node.js and Express.js with MongoDB and Mongoose for data persistence.
- Integrated Socket.IO for real-time communication and application updates.
- Deployed the frontend on Vercel and the backend on Render, using MongoDB Atlas for cloud database hosting.

Live Demo: https://team-flow-mauve.vercel.app/
GitHub: https://github.com/bhanukumarchakali/TeamFlow

2. Expense Tracker — Personal Finance Management App

React.js | Node.js | Express.js | MongoDB | Mongoose | Tailwind CSS

- Developed a full-stack expense tracking application to manage and organize personal expenses.
- Implemented RESTful APIs to create, retrieve, update, and delete expense records.
- Designed MongoDB schemas to store transaction details, including amount, category, title, and date.
- Built a responsive React interface to display expenses, calculate total spending, and filter transactions by category.

EDUCATION

- **B.Tech — Computer Science Engineering**
  Malla Reddy Engineering College | 2022–2026
  CGPA: 7.69/10

CERTIFICATIONS

- **C, Python** – Skilltimate Technologies
- **Python, JavaScript –** Hacker Rank
- Microsoft **AZURE**
